1963 Les Paul SG Junior

An absolutely stunning 1963 Les Paul SG Junior in very nearly as new condition with original red lined soft-shell Gibson case.

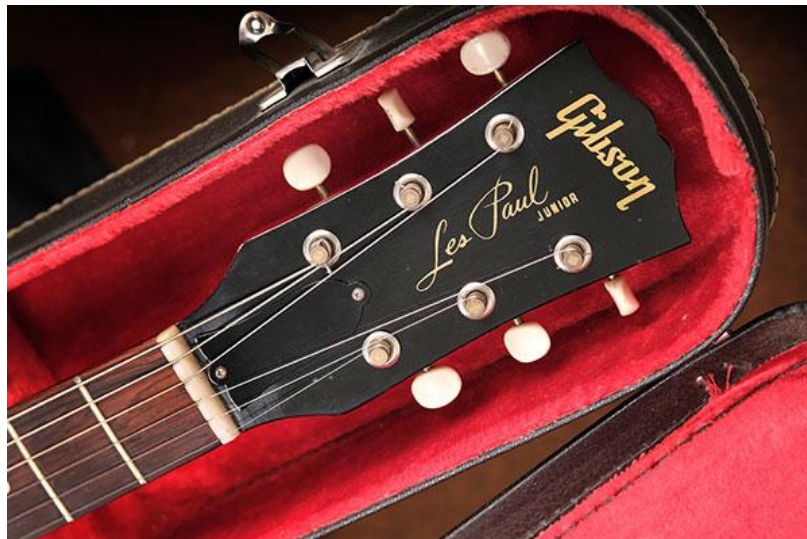

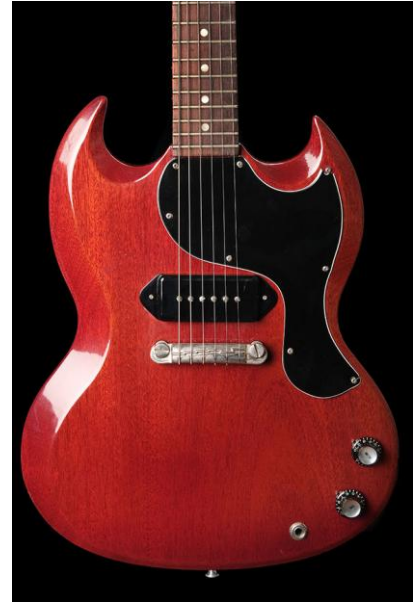

Solid mahogany body and neck, rosewood fingerboard and single P-90 pickup. Headstock features a silk-screened Gibson and Les Paul Junior logo and closed back single-line Kluson Deluxe strip tuners.

The Cherry Red finish is unfaded, and the guitar shows little or no playing wear. About as close as you can get to mint. Last year for the Les Paul SG Junior. Great neck, stunning sounding, and playing guitar. "Killer"
